rinners at the Fair Grounds hast season.

In an interview, discussing his retirement from the presidency of the American Torf Congress, W. F. Schulte, who still remains at the head of the new Louisville Jockey (19th, has the following to say:

The Louisville meeting will begin May 7, bothy day, as amounted, and will continue for lifteen days, and maybe longer. We can afford to light the other tracks as regards conflicting dates, for the reason that we offer more in stakes and purses than any other Western track. We offer twolve stakes in lifteen days. There are two for \$1.00, one for \$5.00, and the others from \$1.50; to \$2.00 each. The clubs about Chicago have been in the hallt of racing throughout the entire summer, with never a purse or stake over The clubs about Chicago have been in the farm to be in him during the other six months. With his farm to be in him during the other six months, the dual children from the potals. How many of these six be tree great receiver in these six be tree and to see the great receiver in these is been to have each are not spendingly indeed, first limit a belief to see the great receiver in the farm a belief mean two a month? The flower is been the six and the compared with that of the new latest flow for six means are not spendingly indeed, first limit a belief the eagle cells "watch" to first means to make the flower in the flower in the flower and his farment according to the first parameters of the distribution on the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond, and asserts that the six means to the diamond and asserts that the six means to the diamond and asserts that the six means to the diamond and asserts that the six means to the diamond and asserts that the six means to the diamond and asserts that the six means to the diamond and asserts that the six means the six many the six of the

J. Naglee Burke, one of California's best racing man, will sell his entire stable and retire from the turf. Mr. Burke had some premutence in the East when he raced that good herse Creatends in that part of the country several years ago. He is racing among others now that speedy daughter of Grmonde named Rosenmonde, though she is not his property. She slift belongs to the Stanford estilate who owned her dam. Fairy Rose. Mr. Burke will have twenty-four horses to sell, among them some knowledged of the competent and theroughly honest trainer is competent and theroughly honest trainer will far all the without an engagement very long.
